## HOW IT WORKS

- ↔ **NX 300**  
TINTED TOPCOAT (OPTIONAL)
- ↔ **NX 300**  
TINTED TOPCOAT
- ↔ **FULL BROADCAST OF DRY SAND**
- ↔ **GX 200**  
POLYUREA BASECOAT AND PRIMER (TINTED)
- ↔ **PROPERLY PREPARED SUBSTRATE**

With easy to use products and rapid cure times, this system is very user friendly and can be completed in a fraction of the time compared to other systems on the market today. Built from three or four distinct layers, our polyurea formula is a non-slip floor coating system that provides an array of benefits for any shop floor. With custom tinted topcoats and the added durability of dry sand, Penntek's Shop Floor System is truly unique to every job and will leave a uniform non-slip texture every time.

## Superior Systems and Diverse Solutions

Penntek Industrial Coatings has you covered when it comes to industrial flooring options. Whether it is rapid return to service, custom colors, or added wear resistance, we have the selection of products and systems to meet virtually any need.
